Food Stamp Plan Ready For Use Here

With the federal government's Food Stamp Plan now ready for operation in San Mateo County, officials of the Department of Agriculture announced Tuesday that persons eligible to participate would soon be sent application forms which they can mail to 1663 Mission St., San Francisco.

Eligible to participate in the plan, whereby surplus foods may be purchased without actual cost to the participants, are all persons on public assistance, including State Relief Administration, WPA, old age security, blind aid or children's aid.

Any grocer, banker, the postmaster or city clerk will assist anyone, free of charge, in making out his application for food stamps, according to H. E. Pickerill, representative of the educational division of the department of agriculture, who was in Redwood City for two days explaining the setup to local food merchants and others.

There are two kinds of food order stamps. One is colored orange and the other blue. Both kinds are worth 25 cents each in trade for food with any participating retail food merchant.

The orange stamps are sold to persons taking part in the plan so they will continue their regular food purchases and are good for any food for human consumption in the home.

With each two orange stamps bought, participants receive one blue stamp free. These free surplus food stamps are good only for foods officially designated as being "in surplus" by the United States Department of Agriculture.

The list of surplus foods is contained in a Surplus Marketing Administration bulletin, which is posted in all participating stores. The foods so listed are among the regular items normally stocked. They are no different in quality from foods not declared surplus.

Peterson, Board Each Win Round

County Executive Frederick Peterson and the board of supervisors engaged in a two-round battle on Tuesday — and the session ended in a draw with each participant winning a round.

The supervisors successfully blocked an attempt by Peterson to oust Dr. Will H. Rebec of Belmont, one of the two minority members of the San Mateo County Board of Health and Welfare, whom Peterson sought to replace by appointing Dr. Harry S. Warren also of Belmont.

And Peterson apparently came out victorious in his efforts to bring the whole matter of county jurisdiction of county building projects to a head by leaving it up to a court decision.

Verbal fireworks flared when Peterson was called to the meeting to reecive formally the revised $2000 claim of Architect Will H. Toepke for initial payment for his services on the new $50,000 courthouse addition.

APPROVED BY BOARD

Presented by Atty. Ernest A. Wilson of San Mateo, the revised claim was approved by the supervisors. Wilson explained that it was designed to meet objections of Superior Judge Maxwell McNutt, who threw the original claim out of court when Toepke asked a writ of mandamus forcing Peterson either to approve or disapprove it and return it to the board. Judge McNutt had deemed the claim insufficient for action and gave Toepke 10 days in which to file an amended claim.

But, revision or no revision, Peterson refused to act.

When he appeared to receive the claim from the supervisors Board Chairman Fred E. Beer said:

"The board has adopted and passed an agreement and contract for the courthouse addition together with the claim."

He requested the executive to approve or disapprove the new claim and return it at the next board meeting.

PROCEDURE EXPLAINED

"I don't think I'll accept this now—it's still in the hands of the court," Peterson replied. "Isn't it going back to court?"

"The court threw it out," Supervisor John A. Lyneh of Burlingame answered.

"It did not. It gave 10 days in which to file an amended claim," Peterson declared.

Wilson then explained legal procedure on the matter and said:

"We believe this will satisfy the court."

Peterson countered with:

"The claim will not be certified by me unless the court orders me to do so."

NORBERG CLAIM FILED

Peterson and Wilson then parried words over who had or had not signed certificates relating to work of H. H. Larsen Co., contractors on the job, and the executive, in reply to questioning by Wilson, broke out with:

"Don't try to twist my words around, Mr. Wilson. I'm not in court now and I'm not going to answer you."

In the meantime, Peterson had re-introduced the claim of Architect E. L. Norberg of Burlingame for a $300 fee for services on the county jail addition, a claim which previously had been disallowed by the supervisors on the ground that they had not hired Norberg.

The supervisors referred the Norberg claim to Assst. Dist. Atty. Daniel E. Sullivan for an opinion on validity of signatures on it.

As the verbal storm abated, Peterson left the meeting, with the revised Toepke claim in hand, apparently intending to keep it until the dispute is brought into court again for a decision.

REBEC TERM EXPIRES

Expiration of the four-year term of Dr. Rebec as a member of the health board resulted in a written recommendation to the supervisors that Dr. Warren be appointed in his place.

The supervisors, with no discussion, flatly refused to approve the appointment and indicated that they would continue to block a new appointment to the board.

Cooper in Great Outdoor Epic

Doris Davenport and Gary Cooper furnish the heart throbs and romantic thrills in Samuel Goldwyn's "The Westerner," the flaming story of an era, which is slated for a two day run at the Redwood Theatre on a double bill program with "One Night in the Tropics."

Coffee Campaign Wins Advertising Award

NEW YORK—The advertising for Hills Bros. Coffee Inc. of San Francisco, was recognized as the "most outstanding national newspaper campaign" in the United States during 1940 at the Annual Advertising and Selling Awards Dinner at the Waldorf Astoria here.

In token of the recognition, a gold medal was presented to N. W. Ayer & Son Inc., for 18 years the Hills Bros. advertising agency, by the awards jury, which included nationally prominent men and women in the field of advertising. The medal-wining campaign was conceived and produced in the agency's San Francisco office under the direction of Byron MacFadyen, copy chief, and Tom Collard, art director.

The Hills Bros. advertising was selected by the jury from among campaigns submitted in behalf of various advertisers in all parts of the United States. The awards are sponsored annually by Advertising and Selling, a publication in the advertising field, and are the highest recognition accorded in the advertising industry.

Hills Bros. Coffee Inc. has been a persistent and regular user of newspaper advertising for two decades. In the prize-winning 1940 campaign, some 400 newspapers were used to carry nearly four million lines of Hills Bros. advertising.

Taxi Operator Held On Bookmaking Charge

SAN MATEO—Arrested in a raid on the Red Top Taxicab office, 250 Main St., San Mateo, Tony Tenent, 47, was jailed on a charge of bookmaking Saturday afternoon. He later was released on $200 cash bail.

San Mateo police reported Tenent, who was in a back room, attempted to tear up a National Scratch Sheet, on which Santa Anita race results had been penciled, when Officers Martin McDonnell and Harold Bauer entered the room. The sheet and a pocket-size notebook filled with figures were confiscated. Tenent is the head of the taxi company.

Order numbers for the group range from Ladara's 61 to Barrett's V-1870—the highest in the present quota for Menlo Park.

Ruth Chatterton Slated For Return to S. F.

SAN FRANCISCO—Ruth Chatterton, stage and motion picture star, is returning to San Francisco after an absence of many years to play the leading role in George Bernard Shaw's brilliant comedy, "Pygmalion," opening at the Curran Theatre, Monday evening, Feb. 24, for a run of two weeks.

Miss Chatterton will appear as Eliza Doolittle, the charming little Cockney flower girl who plies her trade under the arch of Covent Garden in pre-bombed London. The plot relates how Eliza is turned into a grand lady by Prof. Henry Higgins, who is an expert on phonetics. The professor succeeds so well in teaching Eliza proper speech and deportment that he is able to pass her off as a duchess at a reception given in Buckingham Palace. The one hitch in the situation is that the flower girl falls in love with the professor and complications ensue.

The production was staged by Auriol Lee, noted woman director of the New York and London theatre. Miss Chatterton's supporting cast is headed by Barry Thomson and Dennis Hoey.

Easter Seal Sale Set To Benefit Cripples

BURLINGAME—Five typewriters are clicking busily all day at the newly-opened office of San Mateo County Chapter, California Society for Crippled Children, addressing envelopes for the Easter Seal Sale which will secure funds to carry on work in this county for the care, cure and education of crippled children.

Supervising the office is Mrs. L. H. Kentfield of Burlingame, seal sale chairman of the chapter. She is being assisted by F. H. Moore of Burlingame, a volunteer worker, and by National Youth Administration workers. The seal sale will begin Mar. 21.

The office, at 1429 Burlingame Ave., was opened 10 days ago and since that time has been a beehive of activity, according to Mrs. Lee Lancaster of Burlingame, chapter president.

There are more companies manufacturing foodstuffs in the United States than any other product.

Himself Up After Crime Boy, 18, Gives

An 18-year-old Preston Reformatory parolee was under arrest today for burglarizing the home of the parole officer who was attempting to secure a job for him, and a widespread investigation was being carried on by Peninsula police and the sheriff's office in connection with two other burglaries and one attempted house-breaking which netted more than $1600 in loot.

The wave of thefts, two of them attributed to the East Bay's "barefoot burglar," extended from Burlingame Hills through swank Hillsborough and down to Atherton.

Fred Morales, who was on parole from Preston for a previous grand theft conviction, surrendered himself to Oakland police Sunday after stealing several articles of clothing, a wrist watch and a small radio from the home of Mrs. J. M. Toner, 92 Atherton Ave., Atherton, and making his escape in the car of her son, Joseph M. Toner, state parole officer.

Meanwhile, William J. Bevan, assistant vice president of the Wells Fargo Bank in San Francisco, returned home from a Palm Springs vacation on Sunday to learn that a burglar had stolen nearly $1600 worth of clothing and a small radio from his home at 1445 Alvarado Ave., Burlingame Hills.

And in Hillsborough, a thief whose methods of operating were similar to those of the barefoot burglar stole $40 Sunday from two wallets at the Fred Lyon home, 2125 Parkside Ave.

Heaviest loss in the wave of burglaries was at the Bevan home, where a fur coat valued at $675, an accordion valued at $750, four suits of clothes valued at $160, and a table radio valued at $27 were stolen.

County Pays Tribute To Alfred J. Cleary

San Mateo County's courthouse flag was at half mast Monday out of respect to the memory of Alfred J. Cleary, 56, chief administrative officer of San Francisco who died Sunday after a heart attack. County Executive Frederick Peterson wired a message of sympathy to Mayor Angelo J. Rossi and to Mr. Cleary's family.

Mr. Cleary, before becoming San Francisco's "second in command" in 1931, had been associated in important California engineering work for 20 years. He was born in San Francisco's Mission District and was graduated from old St. Ignatius College.

New Novels Are Received

Many new novels, which Librarian Wilhelmina Harper believes will be of interest to both men and women, have been added to the shelves of the Redwood City Public Library recently. In the list are books by prominent authors as well as newcomers. The list follows:

Best British short stories of 1940; Bottome—The Heart of a Child; Buck—Today and Forever; Capek—The First Rescue Party; Daly—Broadsides; Deeping—The Man Who Went Back; Downes—Until the Shearing; Dunlap—Once There Was a Village.

Elliot—Fracas in the Foothills; Estes—Hildreth; Farjeon—Aunt Sunday Takes Command; Flint—Back o' the Mountain; Frost—Kate Trimingham; Gallico — The Secret Front; Gibbs—Sons of the Others; Graves—Sergeant Lamb's America; Griswold — The Tides of Malvern; Heyer—The Spanish Bride; Hichens—Secret Information; Jacob—They Left the Land; Kaye-Smith — Faithful Stranger; Keyes—Fielding's Folly.

Lancaster—For Us the Living; Macaulay—And No Man's Wit; McCord—Red House on the Hill; Minnigerode—Black Forest; Morgan—The Voyage; Norway — Landfall; Oppenheim — Last Train Out; Pedler — Not Heaven Itself; Roberts—Webs in the Sky.

Saroyan—My Name Is Aram; Sinclair—Little Steel; Southwold—So Perish the Roses; Stead—The Man Who Loved Children; Swanson—The Silent Drum; Walmsley—Love in the Sun; Walpole—The Bright Pavilions; Whipple—The Giant Joshua.

A statistician estimates that if a single train were assigned to travel all railway trackage in the United States at 60 miles an hour, it would take 292 days.

The normal person's head keeps growing all through life. Frontal bones of the forehead get wider so that most elderly persons have wide foreheads.

Lemon Juice Recipe Checks Rheumatic Pain Quickly

If you suffer from rheumatic, arthritis or neuritis pain, try this simple inexpensive home recipe that thousands are using. Get a package of Ru-Ex Compound, a two-week supply, today. Mix it with a quart of water, add the juice of 4 lemons. It's easy. No trouble at all and pleasant. You need only 2 tablespoonsful two times a day. Often within 48 hours—sometimes over night—splendid results are obtained. If the pains do not quickly leave and if you do not feel better, return the empty package and Ru-Ex will cost you nothing to try as it is sold by your druggist under an absolute money-back guarantee. Ru-Ex Compound is for sale and recommended by Ryan's Drug Store, Economy and drug stores everywhere.

Post Names Officers

SAN CARLOS — Election of officers was held on Monday night at the first regular meeting of the San Carlos American Legion Post. Forty-three members are signed up at the present time and more are expected.

Elected were Lloyd Tobey, commander; Svend Nielsen, first vice commander; Lawrence Witherow, second vice commander; Lester Lafferty, historian; William E. Jones, chaplain; Bror Lindberg, finance officer; Truman S. Waterman, sergeant at arms; Elbert M. Smith, adjutant; Jesse Davis, John F. Kelly and P. S. Spencer, executive committee. Delegates to the 26th district council will be Stephen E. Day, Russell H. Coleman, Lloyd J. Tobey, Fred Hickox and Henry Lutke; alternates, William Boox, I. A. Putman, Lawrence Witherow, Thomas J. Fitzgerald and I. L. Walker.

The first Monday night of the month, at 8 o'clock at the City Hall, has been set as the meeting time and place.

Committtees appointed were A. L. Mewhirter, Basil Peters and Horace Manion, Boys State; A. A. Kantrowitz, Truman S. Waterman and Philip M. Cotton, national defense; Lafferty and Coleman, publicity.

Attending the meeting were Harry C. Welch, district commander, Phil Blanchard, first vice commander and George McPherson, Belmont post commander.

Others on the charter membership roll are Chester L. Anderson, Clifford Boudouin, Edwin M. Brickey, A. W. Brunner, Edmund V. Carolan, Lyle G. Clark, John J. Durham, Frederick L. Gaiter, Roy Hamilton, William F. Hayes, Harry Humphrey, Howard R. Iams, Albert Knox, J. H. Martin, Charles R. Moore, M. P. Paine, Henry Shafer, John E. Whitmore and Fulton S. Wooldridge.

Henry Castro Dies After Short Illness

Henry John Castro, 33, a resident of Redwood City nearly all his life, died early Sunday in a San Mateo hospital, following a five-day illness caused by an internal disorder.

Mr. Castro is survived by his mother, Mrs. Margaret Sablan, and step-father, Joaquin Sablan, 519 Poplar St., Redwood City. Also surviving are two children, Rita and Henry; two brothers, Tony Castro and John J. Garcia, and two sisters, Mrs. Rose Torres and Mrs. Theresa Tatano.

Coffee growers in Colombia guard the quality of their product so jealously that the importation of seed from other countries has been forbidden since 1923.

Beware Coughs from common colds That Hang On

Creomulsion relieves promptly because it goes right to the seat of the trouble to help loosen and expel germ laden phlegm, and aid nature to soothe and heal raw, tender, inflamed bronchial mucous membranes. Tell your druggist to sell you a bottle of Creomulsion with the understanding you must like the way it quickly allays the cough or you are to have your money back.

BIG RELIABLE QUALITY-BUILT DEPENDABLE
AUTOMATIC GAS *water heater*

THIS SPECIAL TRADE-IN OFFER APPLIES ONLY on the purchase of an Automatic Gas Water Heater of 20 gallon capacity selling for $54.50 or more and on larger gallonage heaters priced proportionately.

If a "job-o-meter" attached to your water heater recorded the times hot water worked for you during a month, you'd be amazed at the result. Because a water heater leads a busy life in the modern home. ★ Think of the big jobs that hot water makes easier. Washing dishes, pots and pans; speeding up washday by making soap work faster; bathing in tub or shower and scrubbing floors and woodwork are just a few. Then there are the host of little services that are big in convenience at the moment. The quick rinse-outs of hosiery and silken dainties; cleaning up kitchen sink, the wash basins, the tubs, the range and refrigerator are some of these daily demands. ★ Old water heaters just cannot stand up and deliver under this pace of service. They slow down and use more gas just as old automobiles slow down and use more fuel. That's why it pays to trade in an old costly-to-operate water heater. ★ This is the month to Trade in Your Old Water Heater. Right now, for a short time only, your present water heater has a $10 trade-in value on a new Automatic. Easy terms of a few dollars a month will soon pay for it. Don't delay—buy now.

Bus Service Plan Meets Delay

Redwood City Council Monday night started action to find a solution for a chronic flood situation on Oxford St., had first reading of the so-called "goat ordinance" regulating the keeping of domestic animals and fowls in the city and deferred action on the proposed extended bus service—among other things.

After discussing the matter thoroughly, the council also decided to take no action on the First Baptist Church's request for special permission to construct an addition to the church building, using a greater percentage of the ground area than the zoning ordinance permits in the first residential areas.

A new zoning ordinance is now being prepared by City Atty. Albert Mansfield, and will contain elastic provisions for churches. The church will be able to carry out its building program under the pending new ordinance, councilmen assured the church's representative, M. C. Ingraham.

OXFORD STREET SURVEY

City Manager C. A. Dimmitt was instructed to make a survey of the inundation problem in the Oxford St. area, between Palm Ave. and Woodside Rd., where, Mrs. Randolph Pajalich told the council, her property is subjected to severe flooding conditions by water draining off adjacent areas.

Mrs. Pajalich said flood waters, a foot deep and about 100 feet across, pour over her vacant lots, inundating about a half acre of land, forming a lake "full of pollywogs, frogs and mosquitos." Present ditches and culverts are completely inadequate to transport the water, she declared.

City Manager C. L. Dimmitt said the situation was of topographical origin, a swale causing the water to drain through this property. He said a canal might be built to intercept the water, perhaps before it reaches Valota Rd. The water constituted a "pretty big proposition," and could not easily be disposed of, he said.

'COUNTY'S PROBLEM'

Councilman Floyd D. Granger said it was the county's problem.

"If we didn't have the county floods, Redwood City could take care of itself," he asserted, adding that someone should take it up with the county. "They already have the data—it's only a matter of forcing their hand."

"It's Redwood City's problem," City Manager said. "But I agree with you, the county should cooperate in taking care of that matter."

Upon Councilman W. M. Werder's suggestion, the city manager was instructed to study the ground, consult with the proper county officials, communicate with Congressman Jack Z. Anderson for possible federal flood-control aid, and make a preliminary report at the next meeting.

Mrs. Pajalich said City Manager Dimmitt had been "very helpful" to her in studying the matter previously.

Ingraham, who presented tentative plans for the Baptist Church addition to the planning commission last week, sought action on the commission's recommendation that permission be granted. The proposed addition would occupy about 60 per cent of the land area, rather than the 35 per cent maximum specified in the zoning ordinance for first residential areas.

Although councilmen were unanimous in approving the church's building plans, they hesitated to act, with a new zoning ordinance being drawn up. Councilman George W. McNulty opposed authorization of the construction without changing the ordinance, and Mayor Harold F. Anderson asked City Attorney Mansfield whether the council could take formal action "tonight" to change the ordinance to suit the case.

"Legally, no," replied Mansfield.

He said the new ordinance would be ready for submission to the council soon.

Ingraham said the church was ready and eager to start the addition as soon as the city's full approval has been given.

MOTION IS WITHDRAWN

Councilman Evans A. Fletcher's motion, seconded by Councilman Werder, that the church's request be granted was withdrawn after the discussion brought out the complications. Councilman Granger had sought to attach an amendment making the approval contingent upon the written consent of property owners in the immediate vicinity of the church, to forestall possible future difficulties.

The ordinance being prepared provides separate consideration of each church's request for a building permit, City Attorney Mansfield said.

Action on the proposed bus service extention agreement, whereby the city would help the operator of the private bus service purchase new buses and increase his schedules, was held up when Attorney Mansfield said it would not be legally proper for him, as city attorney, to prepare an application for a franchise for the bus operator. The matter was held over so that this matter may be handled by another attorney.

ELECTRICAL LAW STUDIED

Councilman Granger reported his committee was studying the electrical code and ordinance, but was not ready to submit its recommendations.

Upon the recommendation of the parks and recreation commission, the council denied free berthing privileges for an "unseaworthy" Sea Scout boat, which has no motor, at Redwood City Yacht Harbor. The boat is in addition to the scout's "best" boat.

Councilman Werder moved that the berth be denied, since the commission reported it was useless in rescue work and because there is a heavy demand for all available berthage at the harbor. Councilmen agreed that they would consider a renewal of the privilege when the boat is provided with a motor and made seaworthy.

Councilman McNulty said owners of some other boats at the harbor had not paid their berth fees.

"They (the boats) should be towed out into the middle of the bay," declared Councilman Fletcher.

CAR LOT APPROVED

Upon the motion of Councilman Werder, the J. Frank Cuddy Motor Co. was granted a six-month extension of its permit for a used car lot at 330 El Camino Real. Werder had asked that the permit be held up at the last meeting, until the council ascertained whether the used car lot could be moved closer to the firm's agency, in keeping with the council's policy of requiring used car lots to be adjacent to agencies when possible. This could not be done in the case of the Cuddy firm, Werder reported.

B. Nordstrand, who appeared before the planning commission last week to protest against the city's unsightly "front door" — El Camino Real—reiterated his complaint when he addressed the council, taking the used car lot permit as his cue.

"It seems to me we are entirely lacking in any consideration for the front door of our community," the Commuters Club representative said. "El Camino Real is the front door to the community, and it has six used car lots on it within the city."

Nordstrand recommended that (1) short-term permits be issued for used car lots; (2) the city institute control over the appearance of property fronting on the highway, particularly used car lots.

Councilman Werder suggested that he take the matter up with the "clean up" committee being organized. But Nordstrand doubted the effectiveness of this.

"The point I'm getting at is, let's correct the evil before they get in there," he said.

Councilman Fletcher put in a good word for the Cuddy firm:

"His garage building is one of the finest on the Peninsula, and his business is a credit to the community."

Other councilmen concurred unanimously in this opinion.

TO ASK SUGGESTIONS

Mayor Anderson said he would ask the "clean up" committee for definite recommendations for improving appearances on the highway.

The council officially set Mar. 10 as the date for the municipal employes' election on the proposed retirement fund plan. Mayor Anderson named Councilmen Fletcher, Werder and Louis C. Christensen to canvass the votes.

City Manager Dimmitt was authorized to inaugurate 20-minute parking at the bank corners and in front of the post-office.

Acting on the Veterans of Foreign War Auxiliary's request that Union Cemetery be kept up the year-'round, instead of being given an annual cleaning up, the council accepted Councilman Werder's suggestion that the sum set aside in the budget for the annual job—$600 this year—hereafter be divided up into monthly payments, and someone be hired to give at least monthly attention to the grounds.

A letter from Pacific Greyhound requesting special, temporary parking privileges on Brewster Ave. pending negotiations for the construction of a new bus terminal was filed without action. The bus company said it expected negotiations for a building site to be completed within 30 days. Then it would have plenty of parking space.

At the request of W. H. Morrissey, appearing on behalf of the San Mateo County Title Co., the council adopted a resolution authorizing quit-claim deeds to eight lots in the Lenholt Tract, against which the city holds tax delinquency claims, with the provision that the tax delinquencies be settled before the deeds are granted.

TO OPEN ROAD

The city attorney was instructed to start condemnation proceedings for land for a road to connect Oak and Roosevelt Aves. Two parcels of land are involved, but one will be purchased outright, the owner having accepted the city's terms.

The chamber of commerce was authorized to take $25 from the advertising fund for use in connection with the trail ride to be held in May.

The council went on record as "heartily indorsing" the chamber of commerce's Diamond Jubilee Celebration, planned for Redwood City next year in commemoration of the city's 75th year under incorporation. President Norman S. Menifee of the chamber of commerce formally notified the council by letter of the impending celebration.

★ ★ ★

ABATEMENT PROCEEDINGS ON BUILDING DELAYED

Explaining she was not fighting the city abatement proceedings against an allegedly unsightly and unsafe building which she owns at Five Points for sentimental reasons "because I was born there," Miss Lily Kuck last night outlined to the city council her plans for strengthening and improving the appearance of the aged structure at Main and Spruce Sts.

The plans—consisting chiefly of an illustration of what the two-story structure would look like with new fire-proof roofing, were too sketchy to suit the council, and too unconvincing to overcome Build. Insptr. L. M. Duncan's condemnation of the place as dangerous, and Fire Chief Mark E. Ryan's report that it was a fire hazard.

The council, after offering Miss Kuck suggestions, making proposals, and seeking to convince the owner that the building was not worth the fixing, all without avail, agreed to further suspend abatement proceedings against the ramshackle building another two weeks, provided she submit at the next meeting, a contractor's detailed working plan for re-enforcing it.

PROTESTS ON SCHOOL CAUSE HEARING TO BE SET

After hearing two persons protest against a dancing school conducted at 221 Hudson St., in a first residential zone, the city council last night called a hearing on the matter, to be held at the next council meeting, Mar. 3.

John H. Peters, who said he was representing residents of the neighborhood on Hudson St. between Brewster and Katherine Aves., contended residents were complaining against "music and stomping all day long" at the house where the dancing lessons are given.

Mrs. George Schroeder of 229 Hudson, who lives next door to the dancing school operated by Dorothy Roberts, asked that something be done.

"Things like that just rile you that way," she said, after explaining the annoyance and disturbances she allegedly suffered as a result of the dancing classes. A renter, she was representing her landlady, she said.

Toastmasters To Talk At San Carlos Forum

Two members of the Redwood City Toastmasters' Club—Pres. Max L. Gelber and Past Pres. Fred A. Schmitz—will speak before the San Carlos Forum Friday evening, Feb. 28, it was decided Monday by the club in answer to an invitation. Speakers last evening, under chairmanship of Louis B. Dematteis, were John Brand, who talked on "Recreation Facilities of Redwood City"; Rawlins Coffman, "Similarity of the English Type of Government and the U. S. Government"; E. F. Elson, "Words"; James P. Hagan, "Are Bankers People?"; S. B. Saboff, "The Father of His Country."

Beauty Before Age

Cut from a giant redwood which fell in Sequoia National Park in California, this tree section is over 1450 years old, according to a meticulous ring-count by forestry experts. During the life of the tree, which began in 489 A.D., such historical events have occurred as the birth of Mohammed, First Crusades, signing of the Magna Charta, Columbus' discovery of America, Landing of the Pilgrims, and World Wars I and II. The young lady perched on the fender of a 1941 Hudson Eight conveys, by comparison, some idea of the size of the tree section, which is over 11 feet in diameter.

Lindwall Seeks Dismissal of Charges

Arraignment of Rune John Lindwall, 30, Burlingame real estate salesman charged with felony hit-run driving and felony drunk driving, was delayed in Superior Judge Maxwell McNutt's court Monday when Lindwall's attorneys introduced a demurrer to the complaint asking that the two counts be dismissed.

The demurrer stated that there was "no evidence of any knowledge by the defendant" as charged in the hit-run count, and that there was no evidence of any negligence or unlawful act as charged in the second count.

Dep. Dist. Atty. Burress Karmel and Atty. Raymond Daba of San Mateo argued the demurrer before Judge McNutt took it under submission.

Lindwall was jailed Jan. 6 after Donald Richmond, 29, of San Mateo, was struck down and seriously injured by an automobile on El Camino Real near Broadway, San Mateo.

Moffett Field Soldier Shot Accidentally

MOFFETT FIELD—Accidental discharge of a gun held in the hand of a close friend brought instant death Saturday night to a Moffett Field private when the two young men were practicing drawing their weapons.

The dead man was Pvt. George W. Kirkpatrick of Morro Bay.

His friend, whose name was not revealed by Army officials, collapsed from shock and grief and was taken to the Moffett Hospital, where sedatives were required to put him to sleep.

The tragedy occurred at 7:20 p.m., just inside the door of the big hangar at the Army airbase, where both men were on duty as guards. There were no witnesses, although many men were busy in the hangar at the time.

Each man would walk several paces, then, when the other ordered him to "draw," would take his .45 caliber service automatic from its holster.

As his friend drew his gun at Kirkpatrick's order, it went off. The bullet hit Kirkpatrick in the side, killing him instantly, Army officials said they were informed. The sound of the shot brought other men from the hangar.

The man whose gun went off was taken to the hospital.

Sixty-three active colonies of beavers in New York state's Bear Mountain - Harriman Park are descended from three pairs of the animals placed in the preserve in 1920.

Six Are Hurt In 2 Mishaps

A spectacular three-car accident that tied up traffic for some time sent four Redwood City people to a hospital for treatment of injuries Saturday night and caused another three-car mishap in which two other Redwood City people were slightly hurt.

Injured in the first accident were **Marshall K. White** of 32 King St., San Mateo County Title Co. escrow officer, who suffered lacerations of the hands, bruised ribs, shock and possibly other injuries; his wife, **Mrs. Bertha White,** Sequoia High School art teacher, who incurred two broken ribs, cuts under her chin and perhaps other injuries; her nephew, **James Boen,** 17, Sequoia graduate and now a University of California student, who incurred a broken nose and shock, and **Axel H. Brown,** 50, of Sequoia Ave., a longshoreman, who incurred severe lacerations over his eyes.

Brown was released after first aid treatment but the others were still in Mills Memorial Hospital today.

COLLIDE HEADON

According to Highway Patrolman Manfred Walzberg, Brown was driving home from San Francisco when his car and that of Harry S. Powell, 22, a Hayward boilermaker, collided near the center of Bayshore Hwy. just north of Belmont.

Brown's car then struck the northbound machine driven by White, causing it to be turned over into the ditch alongside the highway in which there were some three or four inches of water, Walzberg said.

Although the accident happened about 7:30 p.m.. it took some time to clear away the wreckage and about 9 o'clock, while the highway was still partially blocked, three machines piled up.

REAR-END COLLISION

First car in the line, according to patrolmen, was that of Earl Roy Beecher, 39, 8 North Eldorado, San Mateo. Cars of Bill Charles Stewart, 30, 201 El Camino Real, Menlo Park, and **Joe Davis,** 40, 245 East Hopkins, piled up. Davis suffered a cut knee and lip, and **Earl Pickard,** 17, 215 Spring St., Redwood City, riding with him, an injured knee.

There were several other weekend mishaps.

Mrs. Jack Thorson, 23, of 1751 Brewster St., Redwood City, wife of the manager of the Redwood Theater, suffered minor injuries about 11:30 o'clock last night when she was struck by a car as she was walking across Broadway near Arguello St., Redwood City police reported. The driver, Charles W. Gibson, 64, of 832 Sweeney Ave., Redwood City, was not held. Mrs. Thorson was treated at a local physician's office for abrasions of the knee, ankle and forehead.

'I Am An American' Girl

Nancy Marlow, Much Photographed Miss, Reaches Climax of Week at L.A.

Nancy Marlow, the Redwood City girl who is really making good in the "big town," reached the climax of a busy week in Los Angeles Tuesday.

The 18-year-old photogenic blonde was to be the center of attraction at Los Angeles' open house and that afternoon was to take a huge scroll, signed by a number of visiting mayors, to the post office, where it was to be air-mailed to Mayor Fiorello H. LaGuardia of New York, now attending a mayors' convention in Chicago.

The attractive singer and dancer has been photographed dozens of times in the Southern California metropolis since she was chosen a week ago as the city's "I Am An American Girl."

Her father, Philip Marlow, Redwood City realty operator, returned Monday after spending the weekend in the south. He was laden with newspapers containing pictures and articles about Miss Marlow, a Sequoia High School graduate who has been in the south with her mother to study dramatics.

The light in the Statute of Liberty's torch is maintained by the U. S. lighthouse service.

SKI TROOPS

SACRAMENTO (AP)—Flyers from the U. S. Army air depot here are learning skiing on the Sierra courses by official command. The reason; many of them will be flying back and forth to Alaska and they must be prepared for eventualities.

The world's only producing emerald mines are in Colombia. It has exported the precious stones for four centuries.

Opera Company Due In S. F. March 10

SAN FRANCISCO — Fortune Gallo's famous San Carlo Opera Co. is now en route to San Francisco on its 31st transcontinental tour. The company is due at the War Memorial Opera House for a two weeks' season of 17 performances starting Mar. 10.

"Music is soothing the American public, strained by the weight of momentous decisions and the uncertainty of what the future holds," says Gallo. "Everywhere the people are crowding our performances to capacity finding in the sweet melodies of Puccini, Verdi, Bizet and others a sweet peace not to be found elsewhere."

The San Carlo is coming to San Francisco with an array of artists critics have said makes this the finest company of the San Carlo for years.

Opening attraction is to be "Madame Butterfly," to be given here for the first time in English and starring Hizi Koyke, the great Japanese prima donna. The other performances for that week include "Carmen," "Aida," "Traviata," "Faust," "Martha" and one act from "Romeo and Juliet."

Tickets are now on sale at Sherman Clay and Co.

S. C. Men's Club Elects Officers

SAN CARLOS — New officers of the Men's Club, elected Monday evening at a meeting at which Dr. Karl Brandt of Stanford University spoke on "Inside Germany Today," are Ray E. Darling, president; William A. Kempenich, vice president; Louis Jacobson, secretary; Al Joers, treasurer; George W. Boyce, A. Ray Dixon and Edward Barbee, board members.

Telephone Company Earnings Decrease

Pacific Telephone and Telegraph Co. common stock dividends in 1940 totaled $7 a share compared with $7.25 a share in 1939, while net income of $18,276,980 showed a decrease of $854,630 from the previous year.

These figures were released today in the annual report of N. R. Powley of Hillsborough, president of the firm, in the annual report sent to stockholders.

"The cumulative effect of rate reductions, increased wages and increased taxes, together with the costs of accelerated expansion of the plant, have made it increasingly difficult to realize adequate earnings," Powley reported.

The report covers operations during 1940, which was a record year for number of telephones in service, investment in telephone plant, payrolls, service improvements and tax payments.

There were 2,443,418 telephones in service on the Pacific Coast at the end of 1940, including 315,179 telephones of 299 connecting companies and 58,822 rural and private lines. During the last decade, the report stated, telephones in the Pacific Coast territory have increased 22.4 per cent, compared with an 18.7 increase in population.

Local and long distance calls reached new high levels last year with an average of 11,204,479 calls a day. This was an increase of 656,178, or 6.2 per cent over 1939.

Plant additions in 1940 cost $46,312,452, with expenditures for new construction alone totaling $34,719,000, or 35.8 per cent increase over 1939. Powley's report estimated that 1941 expenditures would total $60,000,000.

MENLO PARK NEWS NOTES

MENLO PARK—Menlo Park is to have a theater costing $150,000. The owners of the present theater are looking for a suitable site. They have their eyes on a parcel of property on Santa Cruz Ave. It would be an appropriate place for the new showhouse.

★ ★ ★

Lent starts in less than 10 days and it is said that three local coupies will seek the altar before that time. You would be surprised to know who these young people are.

★ ★ ★

The building inspector at Atherton says that ten houses costing between $8000 and $15,000 will start in the Flood tract this Spring. Many of the owners are professional men of San Francisco.

★ ★ ★

Tuesday morning at Palo Alto Hospital a daughter was born to Mr. and Mrs. Emile Campagna of Menlo Park. The mother was formerly the beauteous Frances Logan.

★ ★ ★

Mrs. Harry B. Morey and her infant daughter, Diane Marie, have returned from Palo Alto Hospital. The little girl, born Feb. 8, has two brothers, Harry and Philip.

★ ★ ★

It is rumored that many salmon were taken from the San Francisquito Creek during the heavy rains. The fish are alleged to have weighed from 8 to 15 pounds. Fishing of salmon is a law violation and the penalty is severe.

★ ★ ★

The comedy, "Heck's Appopin," will be shown at the Mother Foley Auditorium Mar. 15 and 17. Those in the cast are rehearsing regularly and faithfully to make the play a success. Local artists are aided by Palo Alto and San Francisco actors. There is no doubt the gymnasium will be filled these nights. The proceeds will be devoted to the fund being raised for the erection of two rooms to the St. Joseph School.

★ ★ ★

The total rainfall for the season, according to the rain gauge at the railroad station, is 16.17 inches, as against 13.18 at this time last year. This season's precipitation is the greatest in 30 years.

Ranchhand Shows Off Strength, Then Dies

PESCADERO—Primo De Aquino, 34, Filipino laborer on the Steele ranch here, was feeling especially strong on Sunday when he awakened. Thinking he would impress some 15 other Filipinos in the bunkhouse, he started chinning himself on a 2x4-inch rafter. The third time he did so, he fell to the floor—dead of a heart attack.

NOTES FOR A HEAR-THE-DEMOCRACIES SPEECH

Gold Hoarder Is Punished --By Death!

Gold hoarding is now a crime, and here's one gold hoarder that has been punished—by death!

It was a 5½-year-old hen that had been hatched and raised by F. J. Cullen, operator of a grocery at 71 Fifth Ave., Dumbarton Park, where he also lives and raises a few chickens.

Cullen didn't execute the chicken because it hoarded gold, but he learned late Monday after killing the hen that it had been violating the law for perhaps several years.

For in the chicken's gizzard Cullen found not only "chicken feed"—a dime, a nickel and three pennies—but a $5 gold piece, vintage 1910.

At first puzzled over how the chicken could have found the money since it has never been out of Cullen's yard, the grocer remembered later that some six years ago he lost a $5 coin, a keepsake he had brought with him from Alaska.

229 Retail Stores Listed As of 1939 in This City

Redwood City had 229 retail stores of all kinds in 1939, with an annual sales volume of $7,179,000, employing 585 employes and with a pay roll totaling $752,000. This is disclosed in statistics on California's retail trade, based on the 1940 census, released Monday by the United States Department of Commerce, showing trends in retail sales in cities and counties of California since 1929.

San Mateo County in 1939 had 1696 stores with sales totaling $43,452,000.

"Retail sales in the state totaled $3,187,809,000 in 1939," an increase of 39 per cent over 1935 and an increase of 1 per cent over the dollar volume reached in 1929, when the general level of consumer goods prices was substantially higher," the report reveals. "The gain in population over this 10-year period was 1,230,136, or 21.7 per cent."

"The number of stores increased since 1929 by 39 per cent, from 20,788 in 1929 to 35,870 in 1935 to 112,428 in 1939. Eating and drinking places increased by 13,709 in the 10-year period, and filling stations by 6568.

"The number of employes is 27 per cent higher (in 1939) than in 1935 and pay roll is 43 per cent higher. Compared with 1929, pay roll is 6 per cent higher. The number of full-time employes is 10 per cent higher than in 1929 in comparison with the 107 per cent increase in part-time employment."

The survey shows there are 25 cities of more than 25,000 population in California, accounting for 55 per cent of the population, 58 per cent of all stores and 67 per cent of all retail sales. Of the 58 counties, 11 counties account for 80 per cent of the total sales in the state. They are Los Angeles, San Francisco, Alameda, San Diego, Sacramento, Santa Clara, Fresno, San Bernardino, Kern, San Joaquin, and Orange counties.

Incidentally, Redwood City in 1939 had 23 "drinking places," the survey shows, and 24 restaurants. There were 29 filling stations. The city had 32 stores selling groceries in combination with other commodities, and 20 other types of food stores, making a total of 52 stores to provide the housewife with kitchen necessities.

YOUNG CHINA GLIDES

CHUNGKING, China (AP) — A government-sponsored gliders' training school has been opened here to make China's youth more air-minded. One hundred students, among them a girl, have enrolled.

Industrial studies show the average American worker is idle 10 days a year owing to illness.

Nine More R.C. Draft Area Registrants in Class 1-A

Nine more Redwood City draft area registrants have been placed in class 1-A by the local selective service board, while three on the latest classification list were classed as fit for limited military service and two students were deferred to complete school courses. Three others were given occupational deferments.

In the following list, released here by the local draft board, class 1-A indicates that the men are ready and fit for military service; 1-B, fit for limited service; 1-D, students fit for service not later than July 1, 1941; 2, given occupational deferment; 3, deferred because of dependency.

Those marked with an asterisk (*) have been changed in classification. All on the list are Redwood City residents unless otherwise indicated.

Class 1-A — Jack S. Bottema, 310 Brewster; John W. Knight, 242 Elwood; Joseph M. Gonzales, 94 Bonita Ave.; Leonard J. Merta, Rt. 2, Jefferson Ave.; Anthony W. Peddicord, 904 Hopkins; Andrew Sammut, 335 Jeter; John A. Dempsey, 2726 Bienheim; Forestal E. O'Connell, 57 Fulton St.; Albert Mansfield Jr., 728 Arguello.

Class 1-B—Ellis S. Womack, 343 Lowell; Robert McGrew, 923 King; Edward J. Cullen, 636 Highway.

Class 1-D — Wilbur C. Woodhams, 77 Claremont Ave.; *Robert W. Albright, 20 El Camino Real.

Class 2—Carlton Bioletti, Hillcrest Way; Corwin R. Mocine, R.F.D. 2, Box 2975; Robert J. Seller, P.O. Box 653.

Class 3—*Harry H. Kirkorian, 2202 Carmelita Dr., San Carlos; James W. Hodges, 420 Cassia; Richard H. Craven, 429 Jackson; Fujito Kinoshita, 932 Crocker St., Los Angeles; Laurence H. Nightingale, 423 5th Ave.; Donald J. MacCormack, 238 Redwood Ave.; Jack V. C. Van Ness, 2282 Carmelita Dr., San Carlos; Jesse Lee Dantzler, P.O. Box 110, Belmont; Dale L. Likes, 1406 6th Ave., Belmont; John E. Bonner, 1350 Jefferson Ave.; Edward L. Greeley, 1 Duane, Apt. 27; Takeshi Nagatoishi, P.O. Box 178, Belmont; Edward S. Rexworthy, 51 Hillview; Roy M. Illness Fatal To Senior At Sequoia

Following a five-week illness, Carolyn Jean Mayo, 17-year-old Sequoia High School senior and daughter of Night School Principal and Mrs. S. S. Mayo of 740 Whipple Ave., Redwood City, passed away Sunday at 7:20 o'clock at Mills Memorial Hospital, San Mateo.

Miss Mayo, who is survived also by a brother, David, 12, was born Feb. 6, 1924, at Portland, Ore. She had lived in Redwood City since 1927. She attended Lincoln and McKinley Intermediate Schools, where she was active in Girl Scout work.

At Sequoia, Miss Mayo was an honor student, receiving "A's" in all her subjects. She belonged to the Scholarship Society, Sequoia Players, Dance Club and Logicians Club and had earned a Block S in athletics. She also was active in Redwood Assembly, Order of Rainbow for Girls, and in the First Congregational Church's Pilgrim Fellowship.

Menlo Park Woman Leaves $20,000 Estate

Petition for probate of the estate of Mrs. Marie Campagne of Menlo Park, who died last Nov. 11 at the age of 63, showed that she left personal and real property valued at about $20,000. The petition was filed in superior court by George P. Larrouy of Redwood City, who was named executor in a will dated Oct. 20, 1940, less than a month before Mrs. Campagne's death.

The will left four trusts totaling $6000 to her grandchildren, one as yet unborn to her son and daughter-in-law, Mr. and Mrs. Emile Campagne. Remainder of the estate was bequeathed to the son and daughter, Mrs. Josephine Culver, except for French stocks which went to a brother in France.

CHIAPPE BOULEVARD

PARIS (AP)—The name of Jean Chiappe, killed in an airplane crash while flying to take up his duties as new governor of Syria, will be given to a Paris boulevard.

UNDER PASTEUR TREATMENT

DALY CITY—Four members of the J. Walsh family at Daly City and the family dog were under Pasteur treatment today after their cat died and examination showed that it had had rabies.

Sea moss is used as a base for hand lotion.

FOOD FOR THOUGHT

Nitro-glycerine, a powerful explosive, is used in the treatment of some heart ailments.

EXPLODING THE "HIGH-PRICED" MEAL MYTH

Some people have the idea that meals must be expensive to be good. The easiest way we know of to disprove that theory is to eat at this restaurant. Here you'll find the finest foods, expertly served in pleasant, congenial surroundings . . . and the prices are always modest.

Fourth Draft Call To Begin On March 17

While Peninsula selective service boards were preparing to send their third quotas of selectees to the San Francisco induction station between now and Mar. 14, the fourth draft call was announced from state headquarters Monday. It will take 7030 men into service, starting Mar. 17—St. Patrick's Day.

The call came on the first day of the 26-day induction period of the third draft which will take 12,011 men into military service. Menlo Park's contingent of 16 men left Monday, first from this county to be inducted in the third call.

Redwood City's third quota will report for induction at San Francisco Mar. 13, only four days before the fourth induction period starts. Thirty-seven men will go from here then, and approximately half that number probably will be taken in the fourth quota.

Fourth call quotas for the four induction stations were set as follows: San Francisco, 1900; Los Angeles Station 1, 2002; Los Angeles 2, 2002; and Sacramento, 1126.

The requisition on the 284 local draft boards was for 6830 white registrants and 200 colored.

The fourth call is the second largest in California under the nation's first peace-time conscription program. The first call last November took 1127, the second last month claimed 6231 and the third, starting now, is for the 12,011 men.

The selective service officer in Sacramento reported that as of Feb. 8 there were 16,196 registrants in the "ready to go" classification—1-A. An additional 14,685 men who have answered their questionnaires but had not yet taken a physical examination were grouped as "potential 1-A's."

Three Programs Set For Local Eagles

Redwood City Eagles this Friday will initiate several new members; on Friday, Feb. 28, will enjoy a smoker, with professional talent from San Francisco providing entertainment, and on Friday, Mar. 7, will hear an explanation of the Redwood City Port Bond Issue on the Mar. 25 ballot, given by Port Commissioner Edmund Scott and Port Manager L. M. Rudy. Conducting the initiation this week will be local officers under Pres. W. C. Clarke and the drill team under John J. Owens.

DIES OF FOOTBALL INJURY

BURLINGAME—Funeral services were held yesterday for David J. Fitzpatrick, 19, who died Monday night of complications resulting from a back injury suffered a year and a half ago when, as a fullback, he was playing football for St. Mary's College freshman team against University of San Francisco.

Dozen Left On 'List'

STANFORD UNIVERSITY — Warren Weaver, director of the division of natural sciences of the Rockefeller Foundation and of the General Education Board, and member of the National Defense Research Committee, was a visitor Monday on the Stanford campus, where he was luncheon guest of the joint faculty and trustee committees on nomination of a new president to succeed Dr. Ray Lyman Wilbur upon his retirement at the end of this year.

The incident strengthened campus belief that Dr. Weaver is an outstanding figure among the dozen or so survivals on the narrowed-down list of prospects for the university presidency.

Dr. Weaver, like the other survivals on the list, appears to meet the fundamental requirements believed to have been agreed upon by the joint committee. Those specifications are that the man be a scholar with administrative experience, and that he be approximately 45 years of age, thus allowing him about 20 years in which to carry out a program before reaching the age of automatic retirement. Dr. Weaver will be 47 next July.

Liquid fire was used in the siege of Syracuse in 413 B.C. and in the siege of Rhodes in 304 B.C.

Jean Collins Is Acquitted

Jean Collins, 25-year-old San Francisco prostitute who riddled her "man," Tony Barcellona with bullets early last month, was judged innocent of murder on Tuesday by a San Francisco jury which took only 13 minutes to reach a verdict. The Collins woman and Barcellona, infamous San Francisco Tenderloin district habitute, for a time lived in the Palomar Park district of Redwood City while operating a hotel in the vicinity of Five Points.

The defendant weepingly told the jury of five women and seven men of her eight years of life with Barcellona, which she described as one series of beatings after another despite the fact that she had given him all her earnings from her "profession" —$38,000.

It was Barcellona's threats to beat her again in the hotel room which they occupied together which led to her shooting him to death, she explained.

The trial was described as one of the strangest ever held in San Francisco — because Asst. Dist. Atty. Joseph Garry did not demand the death penalty; he did not demand conviction. He practically pleaded for acquittal.

Describing Barcellona's life as "no good" in his five-minute speech to the jury, Garry said there was but one question to answer:

"Was she justified in killing him?"

He said that "this is not murder."

Defense Atty. Jake Erlich, pleading self-defense for his client, told the jury that "San Francisco is better off for the death of Tony Barcellona" whom he described as a "dirty stinking cur."

Lagomarsino Heads Fiesta Association

George Lagomarsino of San Carlos, resident of San Mateo County for 40 years, is the new president of the San Mateo County Fair Association.

He was elected at the regular monthly meeting of directors Monday at which tentative dates for the 1941 San Mateo County Fiesta were set as Sept. 18-21, inclusive. The dates are subject to approval by the California Jockey Club, operators of Bay Meadows Race Track, where the fiesta is held.

Lagomarsino succeeds Bruce Gibson, president of the fiesta association since 1936 and one of the original group that in 1927 sponsored the small flower show which was the forerunner of the present countywide fiestas.

Gibson resigned because of the press of private business.

Lagomarsino, the new president, has been interested in the development of agricultural production in the northern section of the county and on the coastside and is president of the Colma Vegetable Association.

Other officers elected include: First Vice President, Elmer A. Roberts, Burlingame; Second Vice President, J. Elmer Morrish, Redwood City; Third Vice President, Ralph C. MacArthur, Daly City; Treasurer, George J. Davis, Millbrae; Legal Advisor, F. E. Hoffmann, San Mateo; Secretary, Chester P. Lipman, Burlingame.

Other directors include: Frank M. Bartlett, San Mateo; Joseph H. Cunha, Half Moon Bay; B. N. Hill, East Palo Alto; Charles J. Ledwith, South San Francisco; Harry Levitt, Belmont; Mrs. F. M. Perkins, Redwood City; Floyd B. Tower, San Bruno; H. Plath, San Mateo County Commercial Floral Industry; Adam Lowry, San Mateo County Professional Gardeners; J. P. Crown, San Mateo County Building & Construction Trades Council and San Mateo County Central Labor Council.

Rosicrucians Put Out Patriotic Pamphlets

Small folders which pictorialize the Bill of Rights of the Constitution are being distributed throughout the nation by the Rosicrucian Order, according to Mrs. C. L. Ross of Redwood City, a member of the order.

Articles from the Bill of Rights are illustrated with small pictures, showing what they guarantee to the citizen. A series of these folders will be published throughout the year as a part of the better citizenship campaign conducted by the Rosicrucian Order, and distributed over the nation from San Jose. The future folders will portray the benefits of American citizenship, and will be offered without cost or obligation.

No one seems to know when or where the custom of playing tricks on the first of April originated.

Doctor's Bag Is Recovered

A doctor's bag containing valuable surgical instruments, stolen from Dr. H. A. Clattenburg's car several weeks ago, is back in his possession, following the arrest in San Francisco of an army deserter on charges of violation of the Dyer act for transporting a stolen automobile between states.

San Francisco police found the physician's bag in the apartment of Joseph F. Thureson, 30, when they arrested him for the car theft. Thureson admitted stealing a car in Virginia City, Nev., several months ago and going on a transcontinental honeymoon with his 17-year-old bride, Elizabeth Moss Thureson, police said.

Thureson said he had taken the bag from the car while it was parked on a street in Redwood City. Other articles stolen, including an overcoat and hat, were not at his apartment, but the surgical instruments and bag, valued at more than $100, made up the valuable part of the loot. Nothing was missing from the bag except a few thermometers.

Redwood City police said they doubted if misdemeanor theft charges would be filed against Thureson, inasmuch as he faces federal charges. The bride, ward of the juvenile court in Long Beach, will be returned there.

BACK SEAT DRIVER?

PUEBLO, Colo. (AP)—The jury acquitted the automobile driver of the drunken driving charge but convicted the fellow riding in the back seat. Since he was the owner of the car, a juror explained, he could better afford to pay the fine.

Any person over 18 may vote in Brazil except beggars, illiterates, soldiers and persons whose political rights have been suspended.

Chorus Wins Support

Bel Canto Chorus Monday received the city council's pledge of full support for the musical group's third annual Spring Concert, to be given at Sequoia High School on Tuesday evening, Mar. 11.

After Duncan Reynard had appeared before the council to outline the activities of the chorus, the council adopted a resolution commending the group for its record of civic service and pledging the council's full "moral" support.

The Spring concert is being cosponsored by the Kiwanis, Exchange and Lions Clubs, with proceeds to be used for underprivileged child and boys and girls' work in the community.

Reynard pointed out that Bel Canto Chorus consists of 80 members, who meet the expenses of their organization by paying dues.

"We are not here to ask financial support from the city council, but we would like your recognition, your moral support," Reynard told the council. "We are certain that through your channels much can be done to bring a better understanding of the value of this chorus as a community enterprise.

"For instance, we are quite proud of our music library, built up in our few years of existence, which represents an expenditure of the members' money to the tune of several hundred dollars. When you realize that for each piece of music we sing a purchase of at least 80 copies is necessary, you can recognize the tremendous cost of such music."

Mayor Harold F. Anderson expressed the council's appreciation of what the chorus had done for the city, in providing a musical organization which within three years has gained widespread recognition for its excellence.

Councilman Evans A. Fletcher introduced a motion that the council go on record giving the chorus its wholehearted moral support.

"It certainly is a commendable organization and Redwood City is proud of it," he said.

Councilman George W. McNulty seconded the motion. Councilman W. M. Werder asked that the word "civic" be included in the wording of the resolution to stress the civic interests of the chorus.

Reynard invited the public to attend any of the chorus' practices, held each Tuesday evening at 7:30 at the high school music room.

PLAN AIR TRAINING

LONDON (AP)—British girls of 14 and over soon may have their own Women's Junior Air Corps to prepare them for later service in the Women's Auxiliary Air Force. Boys of 14 already are given preliminary training for the RAF.

Liquor Distilling Case Goes to High Court

John Rinaudo of Millbrae was held to answer to superior court yesterday at preliminary hearing before Judge Wade H. Clay at South San Francisco. Rinaudo is charged with possessing a still, a felony violation of the State Alcoholic Beverage Control Act. He is free on $200 bail.

Also before Judge Clay, Rinaudo pleaded guilty to possessing whiskey bottles on his place of business at Millbrae and was fined $40, $25 of which was suspended. Rinaudo has a beer and wine license, but no liquor permit. A recent application of his daughter to have the beer and wine license transferred to her was up for hearing by a State Board of Equalization referee, but action was postponed at the request of Dep. Dist. Atty. Louis B. Dematteis pending the outcome of criminal proceedings against Rinaudo.

William Libby Named To Take Air Course

William E. Libby of Redwood City, son of Mr. and Mrs. W. L. Libby, 226 Fuller St., has been selected to pursue a course in aircraft armament at the Army Air Corps Technical School, Lowry Field, Denver, Colo., according to an announcement by the commanding general at Hamilton Field.

Private Libby enlisted in the Army Air Corps in San Francisco, and was sent to the 10th Pursuit Wing, Hamilton Field, where he has been on duty with the 45th Air Base Squadron.

The sending of selected enlisted men to technical schools of this kind is a feature of the Air Corps expansion program, and all enlisted men whose records warrant their selection are eligible for the courses.

Private Libby is a graduate of Sequoia High School where he was active in dramatics.

Ralph Shaw Appointed S. C. Recreation Head

SAN CARLOS — Mayor A. H. Sagehorn has announced that the San Carlos Recreation Committee had appointed Ralph Shaw, formerly in charge of the local WPA recreation program, as full-time recreation supervisor and maintenance director for the San Carlos recreation center.

Appointment of a supervisor was authorized by the city council last week. Shaw will start work Mar. 1, at a salary of $140 a month. He will administer the city's recreation program and be in charge of maintenance work at the recreation center.

George Forbes, chairman of the recreation committee, said the city was unable to employ a full-time recreation supervisor, and therefore the supervisor would be required to devote practically half his time to maintaining the recreation center grounds and facilities.

Scotch plaid or checked gingham combined with a plain material will make an inexpensive but attractive bedroom ensemble. Keep the draperies simple, over sheer white ruffled cottage curtains. Use the plaid or checked cotton to slipcover the chairs, to make the dressing table stool and bedspread. Use the plain material for the top of the bedspread and the seat of the dressing table stool. Bind with plain material.
